

Deputy Sheriff Joe Ryan Has Jaw Broken by Hoodlum

POPULAR PEACE OFFICER STRUCK VICIOUS BLOW BY ONE OF TRIO WHILE SETTLING ROW AT RESTAURANT

Deputy Sheriff Joe Ryan, one of the most popular and fearless officers in Sonoma county, was struck by one of a trio of gangsters at Boyes Springs last Sunday night and his jaw broken. Ryan was called on to settle an altercation at George Darling's restaurant, Boyes Springs, where three Vallejo toughs were ordered out. The officers settled the row, but after the fellows left they became abusive and insulting, and as Ryan struck at one of them and was about to take them into custody, Michael Hynes, a navy yard pugilist, who was one of the gang, landed a vicious blow on Ryan's jaw and knocked him down. Emmett Mullen, "Razor" Pete and other bystanders interfered, and Ryan, leaping to his feet, arrested the gang and brought them to the lockup here. Suffering intense pain from the brutal punch he received on his jaw and from other injuries received as he was knocked down, the game deputy sheriff notified Sheriff Boyes at Santa Rosa to come down and get the prisoners. They gave the names of Michael Hynes, J. F. Clift and J. W. Carl, all navy yard employees.

Ryan was taken to the office of local physicians, who dressed his injuries and he was later removed to the home of his brother, Tom Ryan, of the Schweitzer ranch.

Sheriff Boyes arrived on the scene later and took the gang of roughts to Santa Rosa.

There was intense feeling here against them, but despite sensational reports sent to city papers there were no open threats and the sheriff took the prisoners quietly to the county jail. Battery charges were entered against them and Geo. Darling swore to a complaint in the local Justice's Court charging the trio with disturbing the peace. The three were somewhat under the influence of liquor, and Mr. Darling declares their conduct was exceedingly offensive and

abusive all the time they were in the restaurant.

Parents of the young rowdies offered to bail them out the middle of the week, and after depositing \$1600 the Vallejoites were released. They may have to answer to the more serious charge of resisting an officer, which carries with it a penalty of from one to fifteen years in the penitentiary.

Deputy Sheriff Ryan has had many encounters with deperate characters and has never before been injured. He has a reputation for being a determined and fearless officer and has subdued many harder characters than the amateur prize fighter who landed on him Sunday. He was taken unawares and foresaw no justification for the sudden vicious attack which was made on him.

He went to Santa Rosa Thursday for an X-ray examination.

The X-ray revealed a clean fracture of the bone on the right side. Joe is able to sit up and take nourishment, but resists the fact that the swelling interferes with his usual good "eats."

Vineyard Workers Quit Job

D. Deini, who had been employed at the Goldstein vineyard for the past three years, has resigned his position, also E. Odella, T. Forni, V. Mamori and Mr. Marchetti. All are experienced vineyard workers. Their places have been taken by new employees.

Mr. and Mrs. E. Foster have been here this week in the interests of Oranco, the new real orange beverage. The genial representative got a good reception here.

G. Ritz was down to Modesto this week on business.

On June 29th Boyes Springs theatre will present the absorbing Jack London moving picture, "The Mutiny on the Elsinore."

Sonoma Valley on Eve of New Era of Prosperity

That Sonoma valley is on the eve of a new era of progress and prosperity there is no longer any doubt. It behooves the investor to get in NOW if he intends to participate in the legitimate boom due to arrive in Sonoma and surrounding country very shortly. Here are some of the projects about to be put over and perfected:

Water merger of the Sonoma City Water Works Company, Sonoma Valley Water and Irrigation Company and Sonoma Vista Water Company. Construction of an immense reservoir in the western hills above El Verano. This project is awaiting the o.k. of the railroad commission.

The building of paved streets in Sonoma: \$52,000 contract already let, work to start at once.

A gas plant to supply cooking and lighting service. Investors are now figuring on this project and plan to put in the gas plant here and pipe the gas throughout Sonoma and the springs section.

A beautiful green golf course, on the site of the present baseball park, adjoining Cabanot's, Boyes Springs. This will be the means of attracting high class recreationists and a number of capitalists have the plan well under way. The Valley of the Moon golf course would be one of our finest attractions, and would make Boyes Springs famous—the country over.

State highway surveys being made, now for Schellville—Santa Rosa stretch. Money already voted.

Erection of a \$250,000 hotel at Sonoma Vista.

Building of the Golden Gate ferry, opening up a new entrance into our beautiful valley.

Erection of modern homes and bungalows on new residence tract, to be sold on easy terms.

Improvements and additions to two institutions, for which the state has made big appropriations.

Further restoration by the state of the old mission on Spain street; work now going on.

Construction of the Speedway at Cotati.

Among completed projects which make the new era in Sonoma a reality are the extensive improvements made and still being made by Sam Sebastiani, including many new bungalows, street paving, electric lighting system, magnificent residence.

big cannery plant, water system and the setting out of new orchards and vineyards.

Completion of largest concrete garage in Sonoma county.

Improved transportation facilities, with four trips daily inaugurated by the Sonoma San Rafael auto bus line.

Purchase by popular subscription of three fire engines for the valley—two chemical and a Waterous pump and chemical. Sonoma City was presented with its modern \$3500 fire fighter this spring, following a campaign inaugurated by the Sonoma Business Men's Association.

Several organizations for cooperative effort and the promotion of all booster projects are now actually functioning.

Watch Sonoma valley grow!

BIG CROWD WITNESSED RACING LAST SUNDAY

West Side Racing Club Put On Another Good Card at the Schweitzer Ranch.

That there has been a lot of dormant sporting blood in and around Sonoma cannot be questioned, after witnessing the enthusiastic crowd which gathered at the temporary race course at the Schweitzer ranch last Sunday to enjoy the events put on by the West Side Racing Club, recently organized. Society was out in masse, many ladies accompanying their escorts and enthusiastically cheering the horses as they came down the stretch. A big array of automobiles were parked near the track, and Mrs. Schweitzer, patroness of the West Side club, had a number of city guests up to show them the interest in the sport she has awakened here and to point out the site of the new race track she is to build on the ranch for the boys. The vivacious little mistress of "Haunted House Farm" was keenly interested in every detail of the day and talked enthusiastically about the prospects of having the new track completed for a Fourth of July celebration.

The presence of some former participants in famous classics, now retired from the turf, but formerly known to enthusiasts the country over, lent interest. Ranken and Tierney were among the former stars present. Ranken, riding El Verano

AMERICAN LEGION HAD FINE GATHERING HERE

Bi-County Meeting, With Valley of Moon Post Members as Hosts. Great Success. District Attorney Hoyle Spoke on Japanese Question.

The Bi-County meeting of the American Legion and Woman's Auxiliary, held at the Woman's club house here, with Valley of the Moon Post acting as hosts, was a highly successful affair.

The boys who were in the recent war and their wives, sisters, mothers and sweethearts, gathered for the social evening. There was dancing to the "Syncopated Four's" good music, a splendid address by District Attorney George Hoyle on the Japanese question and a good talk by Harry Fish of Santa Rosa, the bi-county committee commander. One of the lady visitors from Petaluma spoke on the organization of a Woman's Auxiliary in Sonoma valley, to which all relatives of local soldier boys would be eligible. Mrs. Neal Dodge and Mrs. Walter Steurnger, wives of overseas men, will start work on the organization of the Woman's Auxiliary shortly.

Delicious refreshments and a general good time were enjoyed by the seventy-five guests at the Legion bi-county evening. District Attorney and Mrs. Hoyle, Mr. and Mrs. H. P. Fish and Mr. and Mrs. Arthur Drake were among the Santa Rosans present.

Capt. Robinson, deputy U. S. shipping commissioner, who makes his home in Mill Valley, was here Thursday with Mr. A. W. Pooley, the piano tuner, who is quite busy here at present. Mr. Robinson is prominent in shipping circles and a Boy Scout enthusiast.

Mrs. J. L. Winans of Petaluma is here visiting at the Hunter-Hanger home.

Mrs. Aletha Franquelin, Carner, was over the last week end visiting her mother and brothers.

The Turner-Dehnen theatrical syndicate will shortly begin the erection of a handsome theatre at Petaluma.

Preston Hotz, little son of Mr. and Mrs. Ralph Hotz, has been on the sick list.

Maid in the fourth race, made old-timers think they were looking them over again at Emeryville.

Some of the local boys and horses participating were Felder, on Muley, Millerick's Chocolate, Offut on Pat, G. Keiser on Bill, Sganzi on Bess, Potter on Bingo.

Joe Felder, who has been the winner of almost every event in which he has participated, was nosed out in one of the races Sunday and must regain his laurels at the next meet.

Graduation Exercises Of High School June 17

The Class of 1921 of the Sonoma High School will hold its graduation exercises at the grammar school auditorium on the night of the 17th of June. A class of fifteen boys and girls will receive diplomas. The young ladies of the class have decided on graduation dresses of organdy in the pastel shades. Flowers will be permitted, but no presents will be received at the exercises. The address to the graduates will probably be delivered by Superior Judge Rolfe Thompson of Santa Rosa. The graduating class is as follows:

Marguerite Helberg.
Louise Cannobbio.
Anna Lou Dresel.
Helen Steinman.
Celia Thomson.
Nancy Griffith.

Angelina Mamori.
Mildred Erickson.
Fred Scheil.
Victor Clements.
Frank Canevari.
Haster Ring.
Harry Burmester.
James Cameron.
Tom Palmer.
Flora Trautvetter.
Antonia Keiser.

The baccalaureate sermon will be given by Rev. Mr. Barchett of the Methodist Episcopal church.

A Flag Day pageant and rally for the new \$90,000 high school building will be a feature of graduation week.

Mrs. Louis Breitenbach attended a family reunion of some of her relatives in Santa Rosa last week.

In a new size package

10 for 10 cts MANY smokers prefer it. They'll find that this compact package of ten Lucky Strike Cigarettes will just suit them.

Try them--dealers now carry both sizes: 10 for 10 cts; 20 for 20 cts.

Castles in the Air Worth While

IN THESE days of constructive thought, when the minds of communities are being focused on their futures, it is not surprising that many towns and cities are building what might once have been considered "castles in the air." To be visionary is no longer bad form, in fact it is the correct way of going about the realization of a future, for we must plan in our mind's eye before we can move toward the realization of our fond dreams. It is better for communities to be full of dreamers than mental drones, who are too lazy, indifferent or visionless to even travel along the path of faggy. The mental process, of course, is not all, by any means, for it takes wonderful energy to carry out ideas which dreamers promulgate. Most communities are endowed with both types of citizens, however, those who can plan and those who can execute. If the dreamer will surcharge his ideas with enough enthusiasm there will be those to carry out his ideas. The castles in the air which Sonoma may dream could very properly be the kind which the wonderful moving picture industry could rear here, and whether it was a castle or a cabin which the moving picture people would elect to build in our beautiful Valley of the Moon it would be a magnificent thing for the valley if we could interest the producers of some of our great films to come here. The idea has often occurred to Sonoma folks, at intervals, but nothing has come of it because of spasmodic effort. Here is something big enough for any promotion body to take up and keep up. Sonoma valley should go into this suggestion deeply and earnestly and through its Chamber of Commerce or Business Men's Association have standing committees to do nothing else but work toward this end—the interesting of moving picture producers in the Valley of the Moon.

A Clean-Up and Paint-Up Week. Let Sonoma Inaugurate It.

SEEING ourselves as others see us should have a good effect on Sonoma environment. Not long ago, at a civic banquet, we had an address by an outsider, who, in a friendly spirit, of criticism, told of the commercial value of beauty and how Sonoma apparently ignored it. The gentleman conceded us a wonderful share of the natural beauty with which Central California is endowed, but declared we did not make the most of it and were not good municipal housekeepers. Let us follow this criticism up with a Clean-Up and Paint-Up Week. It has proven a fine stimulus in other communities, so why not Sonoma? Let the mayor issue a proclamation and name the date and then we can all get in line and add up the town. This is a chance for every booster to get his broom, his hoe, or his paint brush and do something for his town that will be productive of good results right off the reel. Let's start!

IF ANY SORT of preparedness is worth while, the country needs the naval base planned for the Pacific Coast at Alameda. The exhaustive investigation and process of elimination proved Alameda to be the logical place for a Pacific base. The senate is not dove-tailing in very well with the sentiment of President Harding who has just said: "I would not wish a nation for which men are not willing to fight and if need be, to die, but I do wish for a nation where it is not necessary to ask for that sacrifice. I do not pretend that the millennial days have come, but I can believe in the possibility of a nation being so righteous as never to make a war of conquest, and a nation so powerful in righteousness that none will dare invoke her wrath. I wish for us such an America." We need naval bases at strategic points to attain this mastery.

PROGRESS OF POULTRY INDUSTRY PROTECTION AS SEEN BY SEBASTOPOL MAN AT WASHINGTON

Knox Boude of Sebastopol who is in Washington in the interests of the poultrymen of the West in their fight to obtain protection against the encroachments of foreign eggs shipped into this country by nations where the cost of production is incomparably lower than in the United States, has written the following hopeful and encouraging letter, detailing his experience in Washington and the progress of the campaign to obtain a protective tariff for the poultrymen:

"No doubt the thing that will interest the good people of Sonoma county first of all will be a report upon our efforts to obtain a tariff upon poultry and poultry products. Owing to our not going at the work in time last fall, eggs were not included in the Young emergency bill. However, the bill carries an import duty upon meats of all descriptions, so that we will have a tariff upon imported poultry for a period of six months. Early in January a hearing was held by the Ways and Means Committee of the House, in which the poultrymen appeared and presented a printed brief and gave oral testimony. Mr. John Lawler Jr. of Petaluma represented the producers of Central California, C. H. Burnett Jr. represented the Cooperative Egg Producers' Association and the Egg Federation of Washington, and H. S. Collier the Washington State department of agriculture; Prof. Jas. E. Rice, professor of poultry husbandry at Cornell University, represented the American Poultry Association, an organization having a membership in every state of the Union. Our committee asked the Ways and Means Committee to write into their permanent tariff bill import rates of 12c per dozen on shell eggs, 11c per dozen on frozen eggs,

and 45c per pound on evaporated or dried eggs. The Ways and Means Committee have been divided into sub-committees, each taking over the task of writing a definite section of the permanent bill.

"When the bill has passed the House and is sent to the Senate it goes to their finance committee for further investigation and hearings. If at that time we are not satisfied with the duties upon eggs and egg products, Senator Penrose, the chairman of that committee, assured Prof. Rice, H. W. Kerrigan and myself that we would have another hearing. It may take five or six months to get our egg tariff adjusted, but it is the thing to do, and we must work until it is accomplished.

"It ought to be a great satisfaction to the producers of the United States to know that at last Congress is coming to appreciate agriculture, and is disposed to accord her a place side by side with the other industries of the nation. Heretofore the farmer has been obliged to make his purchases in a protected market, but if he had anything to sell it had to be sold in a free market. Under the proposed Fordney-Penrose bill, the farmer will buy in a protected market and he will also sell in a protected market. This makes a long stride in advance for agriculture. Still something had to be done very quickly. The Washington officials of the National Grange estimate that when the results of the last census are compiled it will be found that only about 25 per cent of the population of the nation are actually engaged in the work of production. Under the present high costs of farm production 22,000 of the country's farms are vacant in the state of New York, and the worst is they cannot be made to pay. In the eastern part of the United States there are said to be 100,000 farms in the same condition as those of New York.

"We are in a rebuilding or reconstruction period, and for the first

SUBSCRIPTION LIST AROUND FOR BLACK POINT SIGN

In accordance with plans formulated at the Valley of the Moon Chamber of Commerce meeting, Chas. Payne has been around with a subscription list getting contributions toward erecting a substantial metal sign at Ignacio bearing the words, "To the Valley of the Moon." The sign is to be erected where the Black Point cut-off road intersects the highway to Petaluma.

If you have not already contributed, get in touch with Mr. Payne of Boyes Springs or any of the Chamber of Commerce committee.

New Secretary for Valley of Moon Chamber of Commerce

A. Blomgren, a director of the Valley of the Moon Chamber of Commerce and who was elected secretary at the organizing of the body, has resigned. Chas. W. Perkins of Caliente Park was named secretary of the organization to fill the vacancy.

Time in the history of the country Congress is inclined to look upon agriculture as something really worth while, to be fostered and encouraged and to be protected the same as any other industry.

"A greater responsibility will rest upon the farmer than ever before, because he must not only arrange to feed and clothe the nation but he must look forward and seek the good for the generations that are to come, in order that agriculture may have its place in the hearts of the men and women that make the destinies of the Republic."

TIRES AND TUBES CHEAPER

READ!

Letter No. 1
 Dear Sir:
 There is a new price list on Good-year Tires and Tubes. These prices became effective May 9th.

Goodyear Tire prices are now back to a pre-war level and the mileage capacity of the tires themselves has been greatly increased.

Today, more than ever before, these wonderful tires offer the utmost in economy and satisfaction.

Numerous improvements have been made in their construction, so that they will deliver more mileage and at a lessened cost-per-mile.

With Goodyear Tires on your car, plus our service of regular tire inspection, you can be assured of economical tire mileage and lasting motoring satisfaction.

Very truly yours,

BUSBY & COATES,

Ford Service and Sales.

NATIVE DAUGHTERS HAD SHOWER FOR BRIDE

At the meeting of the Native Daughters of the Golden West last Monday night, there was nomination of officers and a shower for their member, Louise Batto Groskopf. Many lovely gifts of silver, cut glass and linen were bestowed on the bride. The next president of Sonoma Parlor will be Miss Stella McGill of El Verano.

N. A. W. Smith and wife, and John Pluth, brother-in-law of Mr. Smith, returned from the funeral of the former's brother at Turlock, and stopped off here to see Mr. Pluth of the Eagle Grill. Mr. Smith is a prominent farmer of Mendocino county.

J. H. Weise, ex-supervisor, and son Shirley were greeting Sonoma friends last Saturday. Harry looks like a mighty prosperous farmer and says it is the only life.

Attorney Arthur Nathanson of San Francisco, prominent member of the bar, was in Sonoma last week arranging to put some lots in the western part of our city on sale. Mr. Nathanson is always glad to visit here, where he spent his boyhood.

Miss Isabella McIntosh, daughter of the live wire superintendent of the new State Industrial Farm for Women, at Buena Vista, has been out to see her father and has been visiting Mrs. Bettencourt. Miss McIntosh is employed by the Associated Oil Company of San Francisco. While here she favored the Congregational church folks with a beautiful vocal solo last Sunday morning.

Mr. and Mrs. Jewett of Eldridge are visiting in Los Angeles. Mr. Jewett is the druggist at the State Home.

Miss Ryan, the accommodating little postmistress at Fetters Springs, reports a great quantity of business at her office. She declares that the winter patronage has been brisk and this summer promises to be an exceedingly busy one. Her lock boxes are gaining in numbers right along and she declares it shows how popular the springs are becoming with those who enjoy suburban life.

Mrs. I. B. Flayter and little son are doing nicely. The boy has been named Ward Garvin Hayter. Garvin is a family name of Mrs. Hayter.

A beautiful eight pound baby girl arrived at the Charley Potter home Wednesday of this week. The stork came to gladden Mrs. Carlson, and Mrs. Potter is proving an excellent nurse. Dr. Hays was in attendance.

Mrs. Hiser, her daughter, Miss Jessie, and Mrs. Perle Hager were hostesses at the Rebekahs Thursday night's social meeting.

GRAMMAR SCHOOL OPERETTA AND ENTERTAINMENT BROUGHT OVER \$200

The proceeds from the two nights' entertainment and operetta given by the talented grammar school pupils, under the able direction of Principal Prestwood were over \$200. The money is to be used for the purchase of a modern picture machine, with many educational slides. The accompanying picture shows a group of the principals in the cast of "The Pioneer's Papoose," the musical comedy which rivaled all the Carrington shows yet put on by Sonoma young people.

LOUIS PARENTE TO OPEN HANDSOME NEW RESORT HERE

Louis Parente has completed the construction of his new resort, Parente's Tavern at Verano which will shortly be thrown open to the public. The Tavern has been built along up-to-date lines and with every modern convenience. It is modeled after Tait's, at the Beach in appointments. The lower floor will be devoted to the lobby, rest and lounging rooms, restaurant, cabaret, and dance floor of finest maple construction. The hotel is equipped with rooms with private baths, hot and cold water at all times and modern furnishings. There are shower baths and a gymnasium on the grounds and all accommodations for both permanent and transient guests. An expert chef and high class jazz orchestra have been engaged for the season.

The opening date of the Tavern will be announced later in these columns.

MOTOR CLINIC HERE TODAY

An opportunity for Sonoma valley folks to avail themselves of the wonderful motor clinic is given today, for the traveling hospital arrives today and will give its services free at the grammar school grounds.

An entirely new angle of the theory that a country progresses apace with its transportation facilities has been demonstrated by the recent report of Mrs. E. L. M. Tate-Thompson executive secretary of the California Tuberculosis Association, which deals with the newly instituted traveling motor clinic. In her report, Mrs. Thompson stresses the fact that the steps toward the prevention of tuberculosis which have attracted national attention, have been greatly accelerated by the facility with which hitherto unvisited districts have been visited and clinics and surveys instituted through the motor clinic.

The traveling motor clinic in the west is a California institution which the great mass of residents of the state are a partner in, for it was made possible by the funds derived from the Christmas seal sale.

The traveling motor clinic is brought to the door of those unable to seek out examination and care. Hundreds of cases of tubercular tendencies have been discovered by the corps of clinicians that travel with it and that number of cases arrested and the attendant misery and economic loss minimized.

Otto Wagner is driving a new model Dodge car.

Miss Blanche Bianchini, the accommodating young clerk at G. H. Lotz, has been spending her vacation in San Francisco.

Mrs. Wm. Dwyer of Benicia has been over helping to care for her brother, Deputy Sheriff Joe Ryan at the Schweitzer ranch.

Mr. and Mrs. A. Froment and Miss Eugenie Froment have been in Southern France and write of their visit to Monte Carlo. The Sonoma travelers will return to Paris shortly where they expect to visit for some time.

Mrs. Marthina Pronini, a sister of Mrs. Phil Rossi of El Verano, died at Petaluma Monday following an operation.

Knights of Columbus Convention

The thirty-ninth annual supreme convention of the Knights of Columbus is to be held in San Francisco August 2-3-4. Preparations for the council, which will be the greatest in the history of the order, are now under way by a committee of prominent knights. The 800,000 members of the order, which has 2200 councils in all parts of the United States, Philippines, Alaska, Porto Rico, Mexico, Cuba and Canada, will be represented in the supreme convention by some 450 delegates; but several thousand visiting knights, with their ladies and friends, are expected for the gathering.

An elaborate program of entertainment and various activities is now being prepared by the officers and committee chairman, this being the first time San Francisco has

Two Fair Young Senior Girls Were Hostesses

At a prettily arranged party in the Woman's club house one evening this week, Miss Anna Lou Dresel and Miss Celia Thomson, of the Class of 1921, Sonoma High School, were joint hostesses to their senior classmates. Dainty refreshments were served and there was dancing and a general good time. A number of prominent matrons acted as chaperons. Miss Burt played for the dancing.

been honored by a supreme convention of the Knights of Columbus. Archbishop Edward J. Hanna is honorary chairman of the general arrangements committee, and will be one of the speakers at the business proceedings of the supreme council.

Will Move to Sunnyvale

The Cameron family will move to Sunnyvale, Santa Clara county, after the present school term. Mr. Cameron has already gone down. He is in charge of the Will Clements cherry orchard there. The family will be greatly missed here, where they have put three of their sons through high school. Two of the boys are now going to college in Berkeley.

Mr. and Mrs. C. J. Carroll of San Francisco spent the week end with Mrs. Carroll's sister, Mrs. W. C. Wilson, at Boyes. Mr. Carroll is manager of the Regal shoe company in San Francisco. His wife will be remembered as the clever drummer with Wilson's orchestra the season before last.

Play by High School Students at the Don Theatre

Enjoyers of real entertainment will be glad to hear that a play is to be given by the Honor Society of the high school in conjunction with moving pictures at the Don theatre on Wednesday and Thursday nights, June 1 and 2.

The name of the play to be presented is "Neighbors," and is under the direction of Miss Burt. It is a comedy. The moving picture is Nazimova in "Toys of Fate."

Mr. and Mrs. A. P. Ringressy, former storekeepers of Fetters Springs, are now residing in Central America. After leaving the army Captain Ringressy accepted a fine position there. His wife is also employed.

Old Fellows and Rebekahs Com- ment Old Age and Youth

The local lodges of I. O. O. F. and Rebekahs paid a pretty compliment to Judge Cheney, 82 years of age, and Miss Agnes Revie, fair young Noble Grand of Verdant Degree lodge, on their birthdays, Friday night of last week. The evening was spent in dancing program numbers and feasting. Judge Cheney, who is one of the pioneer loyal old members of the lodge, was much affected by the big time in his honor. Miss Revie was also delighted at the surprise which was arranged by the fraternal orders to celebrate the joint birthdays of herself and Mr. Cheney.

SPECHT ON IMPORTANT MISSION TO SACRAMENTO

R. C. Specht, City Engineer of Sonoma, went to Sacramento last week where he represented the city of Sonoma at a conference arranged by the League of Municipalities to draft a bill to place the States waterpower resources under a commission who would grant hydro-electric rights to communities wishing to develop and share power.

W. W. Felt Jr. and J. W. Ford, of Santa Rosa, visited Sonoma friends one evening this week. County Clerk Felt and Mr. Ford, of the district attorney's office, are two of our most popular and efficient county officials.

Dal Emparan was down town Wednesday, convalescent from a recent serious sick spell.

Mrs. L. H. Golton was in charge of the program at the Woman's Club Friday of last week. Her paper on "The American Indiana" proved very interesting. Mrs. Jeasen, mother of one of the Sonoma high school teachers, was hostess of the afternoon.

The eldest son of J. K. Bigelow accidentally broke his arm this week while cranking a car.

Mrs. Lizzie Chapman (Agnew) of San Francisco has been visiting her sister, Mrs. J. J. Dunbar, on Broadway.

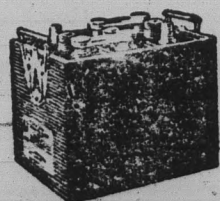

Wm. Silva, of the Jones ranch, is making fine progress toward recovery. He is a patient at the Crane sanitarium.

Al Dutil and Fred Hansen were initiated into the Odd Fellows this week. Dutil is the well-known baker and Mr. Hansen the genial proprietor of the Sonoma Valley Hatchery.

Renewed life and power for any make of battery

Your battery's performance depends upon the attention it receives. Westinghouse Attention is administered to prevent trouble and to correct trouble. The former is the wiser and the cheaper. Here your battery can be opened before your eyes, costs calculated and work begun. Time, trouble and dollars are saved. Drive into this Westinghouse Service Station twice a month. This attention puts you under no obligation.

Your Speed the Sharples Speed

Every member of the family turns the separator crank at a different rate. Your present separator loses a lot of cream when the speed drops below normal. This loss amounts to more than you realize.

No matter who turns the crank, fast or slow,

THE NEW SHARPLES SUCTION-FEED

Separator gets all the cream all the time. The bowl draws in just enough milk to insure clean skimming. More cream means more money—a new profit without added expense.

The Suction-feed has many other important advantages. The cream is always of the exact thickness desired. The capacity increases with the speed. The large supply can is but knee-high—easy to fill.

The bowl has only three parts and no disks. There's nothing that's heavy, clumsy or fussy to wash.

We want you to see this superb new machine. Come in and let us show you what it will do.

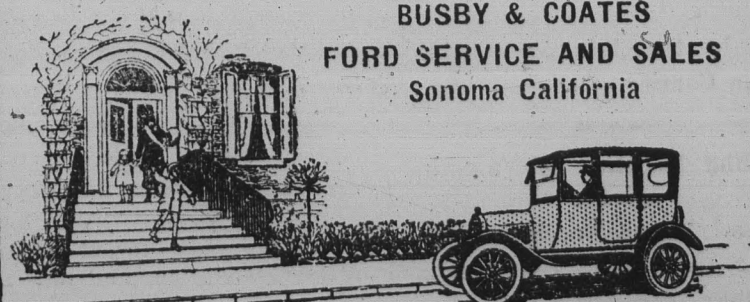

FOR SALE BY J. J. DUNBAR SONOMA, CAL.

Ford THE UNIVERSAL CAR

The Ford Sedan, with electric self-starting and lighting system and demountable rims with 3 1/2 inch tires front and rear, for every day in the year has no equal as a family car. Just as popular on the farm as it is in the city. In fact, it fits the family demands in every vocation of life. Large, roomy seats, finely upholstered, plate glass windows make it an open car in pleasant weather, while in rainy and inclement weather it becomes a closed car, dust-proof and rain-proof. It is not only comfortable, but really cozy, and above all, economical in operation and maintenance, and has all the Ford merits of strength and durability.

GIFTED SCENIC ARTIST FROM MARY PICKFORD'S STUDIO HERE

L. C. Carter, son of W. W. Carter, the Sonoma real estate man, and a gifted artist attached to the Pacific Studios at San Mateo, where he is painting scenes for a new production of Mary Pickford's, was in town Tuesday for a short visit. Mr. Carter came to visit his father, and while here painted a number of beautiful scenes, although most of his work is with big brushes and he does not paint pictures except for a pastime. His work is with the All-Star productions and takes him to all parts of the country. Thursday of this week he starts work in the San Mateo studio, where 3000 people will be employed in the moving picture plant there, following the location of the Pacific Studios on 1500 acres of land donated to the film producers by the progressive people of the Peninsula. Mr. Carter predicts that this studio will be the largest in the world.

In discussing the advantage the moving picture industry would be to Sonoma valley if the movie people could be interested in coming to this locality, Mr. Carter gave many illustrations of the impetus given to business wherever the filming of pictures takes place. He told of the purchase of thousands of yards of cloth by the draughtsmen, ordering of lumber to build scenes and cited particular instances in the mining camp, Jim Town, where Fatty Arbuckle left a trail of money while his company was filming a western play there. Carter was recently at the Yosemite with some producers and witnessed the suspending of a huge fire net below Glacier Point rock, from which a popular moving picture actress jumped, landing in the net with safety. The effect in the picture was, of course, startling in the extreme and the expense of arranging for this scene tremendous.

Young Carter was a most interesting gentleman and his gift as an artist is winning for him just recognition and handsome compensation for his work on big moving picture successes.

The Cash and Carry Market Is Now Open

Paulson's "Cash and Carry Market" opened Monday in the location opposite the Don theatre and is doing a good business. The market is neatly fitted up and has a fine ice box and other modern features. The prices are displayed on various cuts of meat and thrifty housewives, by paying cash and carrying their meat home, are enabled to save quite a bit.

Mr. Paulson declares that doing away with delivery, bookkeeping, etc., he is enabled to sell meat for a minimum. He will be pleased to receive his share of local patronage and guarantees courteous and prompt service. See ad.

Workmen Show Speed on Sonoma County Speedway

"We are breaking all records for fast construction. We are three days ahead of all my former records at this point of construction and I believe we will smash the record harder as the work progresses," declared Jack Prince, master builder of auto speedways and the man who is constructing the giant auto speedway of the North Bay Counties Fair Association at Cotati.

He was standing with a group of thirty workmen, all expert carpenters, many of them having worked on the Fresno and Beverly Hills speedways. In his hands he held a hammer and a saw, while his pockets bulged with blue prints and an assortment of nails.

In the four weeks' actual time the construction work has been under way on the big tract of land at Cotati, wonders have been worked.

The entire bowl of the speedway has been erected. The stringers and supports are all in place, allowing the visitor to the grounds to visualize clearly the immensity of the project which is being successfully carried on by the fair association. Petaluma Courier.

Spending Vacation in Yosemite

Mr. and Mrs. Corn, Mrs. Blasca, assistant matron at Eldridge, and Mr. Wilbur, supervisor of boys at the Home, have gone on a motor trip to the Yosemite Valley.

GIVES REASONS FOR DEPRESSION

RAIL CHIEF SAYS FREIGHT CHARGES ARE NOT CAUSE OF STAGNATION

FARM PRODUCTS ARE CITED

Business Depression and Lack of Demand the Real Trouble

Washington, D. C.—In testifying before the Senate Committee on Interstate Commerce, which is conducting an inquiry into the railroad situation, Julius Kruttschnitt, chairman of the board of the Southern Pacific Company, went into great detail as to the effect of freight rates on produce shipments, foreign and domestic. The main points he made in this part of his testimony were, first, that business depression is not the result of the high freight rates; second, that the real cause of the stagnation in produce shipments is lack of market or profiteering. He said, in part: "A wide-spread propaganda is being carried on to arouse public sentiment against existing freight rates, whereas the fact is that even since the rates have been advanced the cost of transporting commodities is far less than the toll taken by the commission merchant and the retailer for buying and selling them."

Public Misled at to Situation.

"People are misled and conclude that high rates have stopped the movement of a large amount of freight and that the railroads would make more money if they would reduce the rates and thereby revive the traffic. There is the strongest reason to believe that the very great reduction in traffic has been due almost entirely to general business conditions that are world wide in their effect, and that would have come if there had been no advance in freight rates. Prices of commodities reached their maximum in the first half of the year 1920 and thereafter fell with great rapidity in France, the United States and the United Kingdom. The fall in the United States began in May, and was rapidly on its way down grade in September, when the advanced rates took effect, nevertheless traffic did not drop for at least four months."

Slump Not Caused by Higher Rates

"It was a general deflation and fall in prices from the heights to which they had been driven by war conditions that has caused a stagnation of business throughout the world. That it is not caused by the cost of transportation is convincingly shown by the fact that stoppage of buying has caused an oversupply of ships, hence ocean tonnage rates have been recently at the lowest points in their history. Notwithstanding these low rates ocean traffic shows as great stagnation as rail traffic, and millions of tons of shipping here and abroad are rusting away in idleness. Many commodities would not move even if the freight charges on them were abolished entirely because producers can find no market."

"That the decline in business is not due to prohibitive freight rates is shown by the following examples:

In January of this year the total tonnage of lines west of El Paso and Ogden, operated by the Southern Pacific Company, fell off 41 per cent. The combined intrastate freight tonnage in Arizona and Nevada declined 50 per cent, although no increase in the intrastate freight rates in those states has been as yet authorized or made effective. This decrease embraced grain, hay and live stock, as well as ores and other commodities. Cotton Unshipped for Lack of Markets. Of a Texas cotton crop of over four million bales, 40 per cent remains unmarketed. The average cost of rail and water shipment from producing point to Liverpool has been reduced about \$1.25 per 100 pounds, in the face of which about one-half million bales of cotton less than normal have been exported to Liverpool. Obviously the freight rate is not responsible for the restricted movement. During September, October and November, 1920, 45 per cent less rice, 50 per cent less canned salmon and 75 per cent less dried fruit were exported than during the same months of the previous year, although the reduction in ocean rates was substantially more than the increase in inland rail rates, so that the material decline in the exports of these commodities was in the face of a less aggregate cost of transportation."

The Case of the Fruit Growers. "The troubles of the California lemon grower have attracted much attention. He claims he is unable to ship his product because of the increased freight rates. A removal of all of the recent increase of the rate on lemons would not help him. He has a rate by sea through the Panama canal of less than half—48 per cent—of the rail rate, yet his lemons are not marketed. The average price of a cantaloupe laid down in New York in the season of 1920 was not quite 11 cents. As they were retailed at about 25 cents there is a further profit to somebody of 14 cents per cantaloupe. The managers of the propaganda for a general reduction of freight rates have lost sight of the fact that in October, 1920, 1,195,321 carloads of coal were moved, being the maximum moved in any month in the preceding two years although it was handled at the advanced freight rates, and we have heard nothing as to coal being produced at a loss or of the coal mine owners going out of business because of existing freight rates. The percentage of freight charges to value in the early part of 1921 is almost exactly the same as it was in 1914."

Work Starts on Golden Gate Ferry

Soundings are being taken and surveys are being made by the engineers of the Golden Gate Ferry Company for the San Francisco terminal located at the foot of Laguna street and the Sausalito terminal located at Richardson and Water streets.

This work is the beginning of the largest community effort that has ever been offered to the people of the North Bay Counties, who have been trying for years to get better means of transportation, and now the time has come to overcome the condition of the past. It is up to our community to help and boost for the Golden Gate Ferry Company.

WILL MOVE HOUSE TO MAKE ROOM FOR HANDSOME PAROCHIAL RESIDENCE

W. L. Murphy has bought the cottage now occupied by Father Byrne as his parochial residence and will have it moved to one of his Spain street lots. The house will be renovated and either rented or offered for sale. It is hard finished, well laid out and contains six rooms and bath. Rev. Father Byrne will shortly begin the construction of the handsome new parochial residence which is to be built on the site of the one purchased by Mr. Murphy.

Lost Beloved Mother in Far Away New Zealand

The sad news has reached Sonoma of the death of Mrs. Maurice Powers' mother in far away New Zealand. Mrs. Power received the sad intelligence not long ago and the blow was a keen one, as the daughter had planned to visit her mother in the near future and was looking forward to the trip with the greatest expectation and pleasure.

Deceased was an English woman of beautiful character and lovely personality and was 60 years of age when she passed away. Influenza was the cause of her death.

Mrs. Powers, though separated from her parents for many years, was a most devoted daughter and many letters were constantly exchanged across the water between the loved ones. Condolence of many Sonoma friends will be bestowed upon Mrs. Powers in her sad loss.

Card of Thanks

In behalf of the fire department of Boyes Springs and the valley fire department I hereby express sincere thanks to all those who aided in making the recent benefit for the fire house a success. Appreciation and assurance of being "always ready" are extended to our many friends and well wishers. Signed: CHIEF CAUSE.

Going East

Mrs. Rolfe L. Thompson is planning for a trip to her old home in Minnesota and she will be accompanied by her aged father, whose home is at present in Seattle.

The event which calls Mr. McBain and Mrs. Thompson east to the east is the silver wedding anniversary of Mrs. Olson, youngest daughter of the former. The anniversary occurs in June and the travellers will take their departure early in the coming month. Harlan Thompson will accompany his mother and grandfather.

Twenty certificates of birth of Japanese children in one block of Fresno's oriental section were issued last month.

MRS. ANNA MORRISON REED PASSES TO BROADER FIELDS

Mrs. Anna Morrison Reed, talented writer and old Californian, who was a frequent visitor here while editor of "The Northern Crown," died at the home of her daughter in San Francisco Sunday night.

Mrs. Reed had been a lecturer and was a woman of magnetic personality and pungent pen. She loyally supported the vineyard industry of the state in her publication and was pronounced in her views on reformers and their zeal.

Whenever she came to Sonoma Mrs. Reed made a pilgrimage to the grave of her former young friend, Edna Poppe Cooper, whose poems she greatly admired and whose literary career she believed had just begun. She was the friend of young writers and artists and encouraged many who fought their way to success.

Broader fields of usefulness and the greater brotherhood which she loved and encouraged, may these be the eternal privilege of this remarkable and energetic woman who has passed on.

Anna Morrison Reed was a native of Iowa and 71 years of age.

WILL SPEND DESERVED VACATION IN CANADA

J. J. Dunbar, one of Sonoma's pioneer business men, who has been on the job year in and year out for many a day, is to enjoy a well-earned vacation with his relatives and boyhood friends in Ontario, Canada. His family, including his young lady daughter, Miss Sadie Dunbar, will accompany him.

Mr. Dunbar has not been home since leaving his Canadian home many years ago, but will find a warm greeting awaiting him from his brothers, sisters and an aged aunt. He is the only one of seven children to marry. Two sisters, who were engaged to prominent men of the Dominion, died before their wedding days.

The Sonoma business man will take passage on a steamer, going north to Vancouver, and from there go to Ontario. His tickets entitle him to a stay of several months and he may avail himself of the opportunity to have a real long visit across the northern border.

In starting on his journey, Mr. Dunbar and family will carry with them the wishes of many Sonoma friends for a pleasant trip and safe return.

Several Theatre Parties Witnessed "Mary" at Santa Rosa

Sonoma was well represented at the Cline theatre on Wednesday evening, several theatre parties going up to see the tuneful and beautiful "Mary," the Geo. M. Cohan musical show. It was a splendid road show and many clever dancers were in the company. Among those who went from here were Fred Batto and party, E. Coates, Miss Rose Pagani, Pete Boccoli, Miss A. Wertz, Miss Dorothy Bancroft, Charley Taylor, Ernest Bancroft, Miss Daken, Mr. and Mrs. W. L. Murphy and others.

Trustee Beretta Loses Aged Aunt

Teresa Campini, 69 years old, aunt of City Trustee Angelo Beretta, passed away at her home here last Sunday. She had been ill for a long time with arterial sclerosis. Deceased was a native of Switzerland, aged 60 years. She was unmarried and had resided in California for the last thirty-five years.

The funeral took place Tuesday afternoon, with services at St. Francis church and interment in the Catholic cemetery.

C. H. Dunham is now the owner of the auto stage line operated between Napa and Santa Rosa by the Western Motor Transport company, the railroad commission having approved the transfer of the property and permit under which the line has been operated.

The Flying Needles will meet at the home of Mrs. S. J. Studley on Wednesday, June 1st.

Mrs. Studley of Buena Vista will be the next hostess of the Flying Needles.

As Brisbane Sees It

Congress will consider and reject a bill to permit 5 per cent beer and 14 per cent wine, whenever the citizens approve. It is probable that a majority of American voters WOULD approve, and it is certain that there has never been any drink problem where men have drunk only beer and light wine. But the experiment with prohibition has begun and will continue for some time.

Meanwhile, the nation learns with horror that one may be a leading prohibitionist, yet not all virtuous. The Rev. S. J. Catts, elected governor of Florida, to "redeem the state" in 1916, on a prohibition platform, is a fugitive from justice. He is indicted by a state jury for granting pardons on a cash basis. A federal jury indicts him for getting negroes out of prison, then working them on his farm as slaves, under "peonage."—Brisbane in S. F. Examiner.

Steve Akers, son of the veteran Schellville postmaster, M. P. Akers, is a candidate for street superintendent of Petaluma, a position he has ably filled for some time.

Thursday night, June 2nd, there will be a meeting of the Valley of the Moon Chamber of Commerce in the Cabanot building, Boyes Springs. Be there.

Mr. and Mrs. Rae Hunter, accompanied by Mrs. Ada Pauli and Mrs. C. E. Johnson, went to Petaluma Wednesday night, where they attended the initiation of seventeen candidates into the Petaluma lodge of Rebekahs. A fine hot supper was served and there were gifts presented to Grand Warden Addie Byrne of Windsor, who was present.

Dancing Exhibition to Be Given in June

Miss Tamara Lawb, the talented Russian danseuse and teacher, is planning an exhibition in June, when she will feature many of her clever children pupils in beautiful dances, aesthetic and national. The Cleve children, Virginia Lowell, Elizabeth Tucker, Maxine Hunter and other little ones will appear.

Ship and Sail under the Stars and Stripes to all parts of the world

SHIPS with the Stars and Stripes blowing from their masts are once more sailing the seven seas. They are, by the Merchant Marine Act, 1920, ultimately to be owned and operated privately by citizens of the United States.

They are American ships, carrying passengers and, as President Harding has said, carrying our cargoes in American bottoms to the marts of the world. Keep our splendid ships on the seven seas under the Stars and Stripes by sailing and shipping on them.

Free use of Shipping Board films
Use of Shipping Board motion picture films, four reels, free on request of any mayor, pastor, postmaster, or organization.

SHIPS FOR SALE
(To American citizens only)
Steel steamers both oil and coal burners. Also wood steamers wood hulls and ocean-going tugs. Further information may be obtained by request.

For sailings of passenger and freight ships to all parts of the world and all other information write to

Certain-teed Paint Endures for Years

ONLY the use of the highest quality pigments and oils can give paint the long life and color retaining value which Certain-teed has. It keeps surfaces, on which it is used, beautiful for years.

These excellent materials are thoroughly ground and mixed. Therefore Certain-teed has greater covering capacity, protective value and hiding power, too.

You can be sure that Certain-teed

Paint is always highest quality. It is made by an organization that has long been known as a manufacturer of high quality products. The name means, "Certainty of Quality—Guaranteed Satisfaction."

Be sure that your Spring painting will be satisfactory by letting us supply this highest quality paint. Certain-teed led in price reductions. We are now selling this paint at pre-war prices.

A NEW ONE HERE

Oranget has arrived in Sonoma. This most delicious drink, made in California from orange juice extracted by modern methods from ripe oranges, is being bottled and distributed by our local townsmen, Mr. Neiman of the Star Soda Works, who is much enthused over it. The factory representatives, Messrs. Foster and Poitiet, have been here for several days past introducing Oranget to Sonoma tradesmen and appear well satisfied with the support accorded them, both here and in the country surrounding. This drink is bound to become very popular, for it is in a class by itself, the flavor of the fruit being retained in every bottle and everybody is unanimous in pronouncing it the best ever.

Mr. Neiman is to be congratulated in obtaining the agency for such a palatable drink, the purity of which is unquestioned, so let's all drink Oranget and boost another California industry.

VINEBURG NEWS

Messrs. D. Colli, Theo. Pearson and Bernard Schrempf, three of our leading poultry men, transacted business in Petaluma on Tuesday.

The referendum petition has been around and has been eagerly signed by liberty loving Vineburg voters.

William Mumfrey, once a well known citizen of Sonoma but now a leading master ship carpenter of San Francisco, was a guest at the Dunn residence the week end and the many friends of Billy were glad to shake hands with him.

Mrs. Emil Ahndriex and children, of Sonoma, were the guests of Mrs. Fred Batto on Tuesday last.

Louis Bosch, the happy, smiling, young naval mechanic of Vallejo, was the guests of his parents Sunday.

Mr. and Mrs. Rector, who have been residents of Vineburg for the last five years, have sold their pretty little residence on the Napa road at this place and intend to reside in the metropolis. Their many friends wish them success and happiness.

Quite a number of Vineburg folks enjoyed the annual picnic of the St. Luis school on Saturday last at Du Bois grove, on the Napa road, and all report a swell time.

Louis Martin transacted business in the metropolis several days this week and was the guest of friends also.

All of Vineburg, in unison, extend their sincere sympathy to their fearless and staunch friend, Joe Ryan, who was the victim of a brutal assault in the performance of his duty, and all pray for his speedy and entire recovery.

Mr. and Mrs. Fred Batto, Misses Adele Ahndriex and Emily Batto, Fred Jr. and Herbert John Batto motored to Santa Rosa on Wednesday evening to attend the performance of "Mary," Geo. Cohan's famous comedy.

Picking cherries is now on, but they don't pick them in the orchard like the young people pick them at surprise parties. Me, oh, my!

Mrs. Albert Groskopf Jr. entertained a number of her Sonoma and Vineburg friends at "The Cozey Home" in Vineburg on Wednesday afternoon. Among those present were Mesdames Albert Groskopf Sr., Eunice Forni, Henry Anselmo, Henry Bartoli, William Ives and Miss Dorella Breitenbach. A fine repast of dainty eats was served and all say that the fair young bride is a delightful hostess.

COMMEND BOND ELECTION FOR NEW HIGH SCHOOL

To the Voters of Sonoma Valley Union High School District:

We, the members of the Board of Trustees of your high school district, are making an appeal to you to vote bonds for a new high school building. As public servants we have a serious duty to perform. You have placed in our hands the responsibility of providing for your boys and girls educational advantages that are at least approximately equal to those of other communities of the same wealth and population. Our boys and girls in character and intelligence are the equal of boys and girls of other communities and are deserving of the average opportunity for an education.

They have not been given this opportunity. For five years the Board of Trustees has felt the plant and equipment were utterly inadequate. We have postponed and delayed for one reason after another until now we feel that we can delay no longer and we feel that we must come before you asking that you vote bonds with which to construct a school plant which will be permanent and properly house our pupils for years to come.

The present waste, due to the defects of the present plant, would not be justified or tolerated in the business world. It may be compared to a worn-out automobile conveying more passengers than it was built to hold. The constant cost of repair and alteration is far too high and is not justified by the results obtained. The defects in plumbing alone require constant attention. The teachers are now paid somewhat in proportion to the time and preparation they have spent to prepare themselves for the profession of teaching, but to place in the hands of a high salaried worker dull and worn-out tools is a waste of skill. There is at least fifty per cent loss of effort in trying at this day and age to teach agriculture or any other subject out of a text-book. A modern high school requires laboratories. This school does not even possess a decent-sized classroom.

The whole atmosphere of the plant is depressing to the average pupil and teacher. A pupil cannot be inspired to his best efforts in preparing himself for a career when the whole appearance of a school is symbolic of decay and old age.

Crater Lake, near Medford, in Southern Oregon—
one of the world's most beautiful lakes.

RED CROWN GASOLINE
The Gasoline of Quality

The Sapphire Blue of Crater Lake

WORDS cannot adequately describe the beauties of Crater Lake. Its sapphire-blue coloring, its picturesque island and its gorgeous setting combine to make it one of nature's wonder spots.

Crater Lake is in the southern part of Oregon and is accessible by automobile from the Pacific Highway.

And motorists may plan a trip to Crater Lake with assurance because Red Crown Gasoline may be obtained all along the route from north or south.

Make your trip with "Red Crown"—the gasoline of quality—the gasoline with a continuous chain of boiling points.

Look for the Red Crown sign on service stations and garages.

STANDARD OIL COMPANY
(California)

GLEN ELLEN STORE

MRS. BONVECCHIO & DAUGHTERS
GENERAL MERCHANDISE—Best Groceries, Delicatessen, Pastes, Oil.
Cigars & Tobacco. Open all day on Sundays.
Post Office Building Glen Ellen, Calif.

We have compared tax rates for school purposes and find that even with a bond issue for an adequate school building our tax rate will be lower than the average of the communities with which we are most familiar.

To illustrate, taking our data from the official statement of the County Superintendent of Schools, we find that the tax rate for all school purposes, high and grammar, including interest on bonds for the high school districts of this county, is as follows:

Healdsburg	\$1.41
Santa Rosa	1.47
Sebastopol	1.41
Petaluma	1.27
Geyserville	1.51
Cloverdale	.91
Sonoma Valley (average of 10 districts)	.67

This ranges from 48 cents in San Luis Obispo to \$1.03 in Sonoma City. A comparison of the value of school buildings for districts with the same or smaller populations is even more striking. In a published bulletin we shall make such a comparison and we believe that a candid public will support us in our appeal for bonds. We believe that when the public is told what the rate of maintenance and bonds together will be for the ensuing year and compare this rate with other communities you will support us without opposition. This rate will be determined within a few days.

Again we appeal to the public, to your pride in the Valley of the Moon, your interest in the education of your boys and girls, your interest in the development and progress of this valley, that you will provide an adequate high school plant in Sonoma valley.

GLEN ELLEN N. S. G. W. HAD GALA NIGHT AT PANCAZZI'S

The N. S. G. W. dance and ravioli supper at Pancazzi's last Saturday night was one of the jolliest affairs of the season. There was a big attendance from nearby towns, Dunham's auto bus coming down from Santa Rosa with a crowd of dance lovers. Music par excellence was provided. The ravioli supper at midnight was a popular feature.

Notice

Mass at Glen Ellen—Tomorrow, the 29th, at 10 a.m.
REV. J. F. BYRNE.

Mike Maffei of San Francisco gave a fine dinner last Sunday, which was attended by quite a party of his relatives from Sonoma.

Miss Marion Stone of Berkeley, who spent a week at the Ralph Murphy ranch, has returned to her home in the college town.

Miss Marion Stone will teach at Huichica district for two weeks prior to the summer vacation, assisting the principal, Mrs. Dependender during the busy closing days.

Mrs. R. B. Thomas has returned from Stockton, where she has been visiting her son Leonard and wife. Mr. and Mrs. Leonard Thomas will visit here over Decoration Day.

The care of vineyards was demonstrated by the Sonoma County Farm Bureau at the Just vineyard at Glen Ellen and at the Soderburg ranch near here, on Wednesday.

Signed:
BOARD OF TRUSTEES,
Sonoma Valley High School.
The trustees of the school are the following gentlemen: W. B. Hays, Geo. Cassidy, Thomas Johnson, L. M. Bish and Fred Helberg.
